UAB TARPTAUTINĖS LOGISTIKOS CENTRAS
COOKIES POLICY

Last renewal date: August 8th, 2018

1. About cookies

Cookies are small text files which are stored in your device (e.g. computer, mobile phone, tablet computer) and its browser when you navigate at websites. Other technologies, including data which we store at your browser or device, as well as identificators and other software related to your device, can also be used for similar purposes. Cookies

are widely used as to enable the websites to function better and more efficiently. In this Policy we will further call all above mentioned technologies as "cookies".

2. Why do you use cookies?

We use cookies for:

- ensuring that our website functions as it should function;
- to save your settings which you choose during your visit and between visits;
- to increase the speed of website functioning and its safety;
- to ensure for you the possibility to customize the website for your own needs, to be able to find faster what you are looking for;
- to improve our website permanently as to make it even more attractive for you.

3. How can I manage the cookies?

Strictly mandatory cookies and analytical cookies are the condition of the use of our website. If you refuse this type of cookies, we cannot ensure the normal functioning of the website when you visit it.

You can control the use of functional and target or promotional cookies by changing the settings of your browser.

Please note that by deleting your cookies or switching off the use of cookies in the future, you will not be able to reach certain parts or use certain functions of our website. If you change the cookies settings, it will also influence other websites you visit.

You can configure your browser in such a way as to be able to refuse certain or all cookies, or you can be asked for your permission to accept them. Please note that by deleting your cookies or switching off the use of cookies in the future, you will not be able to reach certain parts or use certain functions of our website. For information on how you can change the settings of your browser you can find at www.aboutcookies.org or www.allaboutcookies.org.

If you connect to our website using several devices (e.g. by a smart phone, tablet computer, PC computer, etc.), you shall ensure that the browser of each device

supports our cookies settings. If you change the cookies settings, it will also influence other websites you visit.

If you want to get more information about the cookies policies of third parties and their control opportunities, please read the cookies policies of the corresponding third parties.

4. What are the types of cookies?

(a) strictly mandatory cookies

These cookies are mandatory for the website to enable toe user to browse the website and use its functions, for example, to remember the information input into forms when the user switches from one page to another page during the session. Without the strictly mandatory cookies it is also impossible to provide certain services of the website, the website cannot function as efficiently as it shall function. These cookies do not collect any information for marketing purposes, and they do not "remember" any information about what you visited on the Internet.

(b) analytical cookies

Analytical cookies collect information about the use of the website, and help to enhance the functioning of the website. For example, the analytical cookies can show which pages are most frequently visited, to help to register problems at the website, and to show whether the ads on the website work efficiently. Analytical cookies do not collect any personal information of the users and all information collected by them is anonymous and generalized.

(c) functional cookies

Functional coolies allow the website to remember your options and to provide improvements for the functions best suited for your needs. Functional cookies also remember the changes you made, for example, certain customizations of the website you made, or in other cases, such as you view a video record, or leave a comment at our website. Functional cookies do not collect information about your actions at other websites.

(d) target or promotional cookies

Target or promotional coolies are used with the purpose of demonstrating various ads that can be of your interests, or when it is needed to limit the number of ads shown at the same website. These types of cookies are also used for evaluating the efficiency of the promo campaign. These cookies can be used to remember what you looked into when visiting the website.
